### About Us

Al-Barkaat Educational Society is dedicated to the memory of renowned Persian and Hindi Sufi poet Syed Shah Barkatullah of Marehara in the District of Etah in Uttar Pradesh. It owes its inception to the profound vision of its Founder President Professor Syed Shah Muhammad Amin (Former Chairman & Professor, Department of Urdu, Aligarh Muslim University, Aligarh) the present Sajjadah Nashin of Khanqah-e-Barkaatia, and President of Dargah Syed Shah Barkatullah Committee. He is the moving spirit and the light behind this novel project in establishing various educational institutions in India. The Society came into existence in 1995 and presently it is running Al-Barkaat Play & Learn Centre, Al-Barkaat Public School (+2), Al-Barkaat Qadiria Girls' Section, Al-Barkaat Afternoon School, Al-Barkaat Institute of Management Studies, Al-Barkaat College of Graduate Studies, Al-Barkaat Islamic Research & Training Institute, Al-Barkaat NCPUL Centre and Al-Barkaat Syed Hamid Community College including Al-Barkaat Institute of Education.

With a clear aim to establish and administer educational Institutions, the society established Al-Barkaat Institute of Education in 2008. It is NAAC Accredited Minority Institution, covered under section 2 (f) & 12 (B) of the UGC Act 1956, approved by National Council For Teacher Education (NCTE), Jaipur and affiliated to Dr. B.R. Ambedkar University, Agra. In 2016 it had added another feather in its cap by introducing one more teacher training course i.e. D.El.Ed. duly recognized by NCTE & affiliated to SCERT, Allahabad.

### About Programme

The coronavirus COVID-19 pandemic is the defining global health crisis of our time and the greatest challenge we have faced since World War II. Since its emergence in Asia late last year, the virus has spread to every continent. Countries are racing to slowdown the spread of the virus by testing and treating patients, carrying out contact tracing, limiting travel, quarantining citizens and cancelling large gatherings such as sporting events, concerts and schools. The pandemic is moving like a wave-one that may yet crash on those least able to cope. But COVID-19 is much more than a health crisis. By stressing every one of the countries it touches, it has the potential to create devastating social, economic and political crises that will leave deep scars.

World's greatest cities are deserted as people stay indoors, either by choice or by government order. Shops, theatres, restaurants and bars have been closed across the globe and education field is no exception to it. We are changing globally with the demand of the present times and adjusting our education offerings with digital platforms. Even in this crisis there is an opportunity for our faculty to train themselves for giving online lectures, upload study materials and interact through the virtual medium.

Although this difficult time has stressed us all during lockdown but this challenge can be taken as an opportunity in disguise. We need to stay positive along with staying safe at home as every cloud has a silver lining. Positive impact of COVID 19 must not be overlooked which has led the major problems of modern world decline up to a remarkable extent like environmental issues-better air, water quality, improved ecological system; social issues like less corruption, low crime rate and moreover spending quality time with family and self. In the modern world, where we were running short of time due to hectic schedule, it was difficult to take out time for improving our interpersonal skills.

As we have entered in next phase due to increasing number of cases day by day, therefore, ABIE calls upon education fraternity to join for a 5 days online programme i.e. '**Career Oriented Vital Intellectual Demands' (COVID)** which will lead us to explore our personalities to be successful in our personal and professional life. COVID 19 has helped us out in eliminating Environmental issues and we may use this time to introspect and improve our personality to grow and glow like the earth is doing. Let our personality revive like the earth has revived in past few days. We will coming up with more online programmes in continuation. Keep visiting website .
