Your degree is just a piece of paper, your education is seen in your behavior.

I extend a warm welcome to all the new comers of B.Ed. and D.El.Ed. course through the 6th Volume of ABIE Times. The present issue has encompassed the activities of first quarter of Academic Session 2019-20. As News Letters are an institute's mouth piece and display various activities taking place in the organization to various stakeholders, I am happy to share the first issue of this Volume to reveal the zest and zeal with which the new session has begun. Lot many activities were organized in addition to academics to ensure co-scholastic development of the students. Being a Teacher Training institute, we not only strive to raise our future architects to become good promoters of knowledge but also lay emphasis on the development of humane tendencies among them, so that they could take lead role in the society. The ultimate aim of Education is the modification of behavior. If the education does not transform an individual, then it is alarming. We focus on these alarming notes in the campus while grooming budding trainees. From Orientation Program to fun & frolic of Fresher's & Farewell Party, Guest Lectures, Symposium and celebration of all important days including Awareness campaigns leading to successful Swachta Pakhwada, it has everything in its lap.
